

We make clothes for  
**EVERYONE**

WE'RE HERE.  
TO CHANGE THE  
SNAGGING  
WORLD

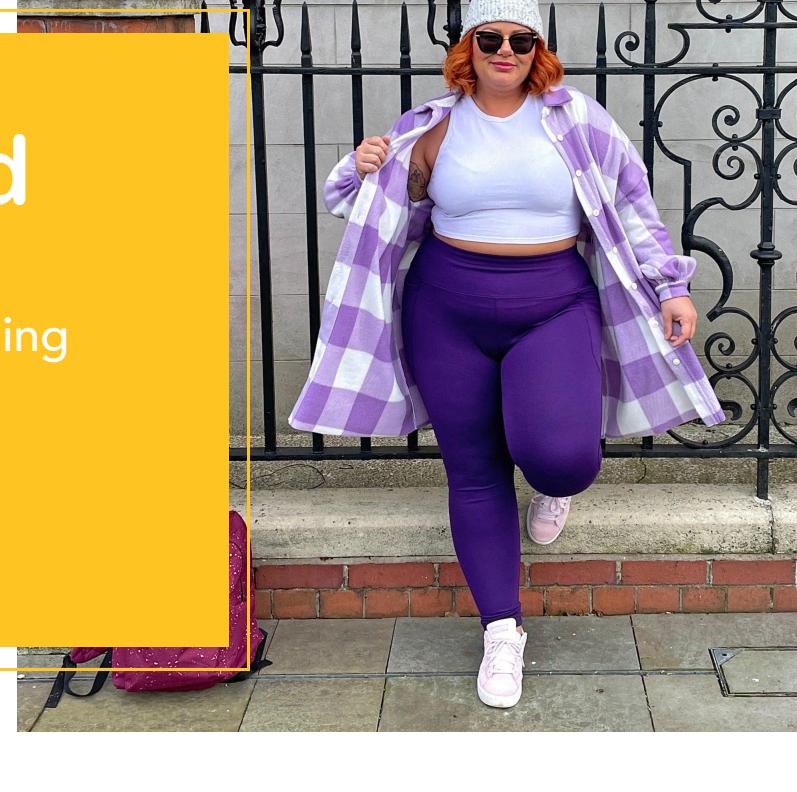

[Home](#) > [Our Purpose](#)

**It's time for the fashion revolution.**

At Snag we believe one thing above all others: Every body has the right to comfortable, high quality, ethically made and affordable clothes that really fit them. The fashion patriarchy actively damages people every day - it damages our self image, it damages our mental health, and it damages the environment.

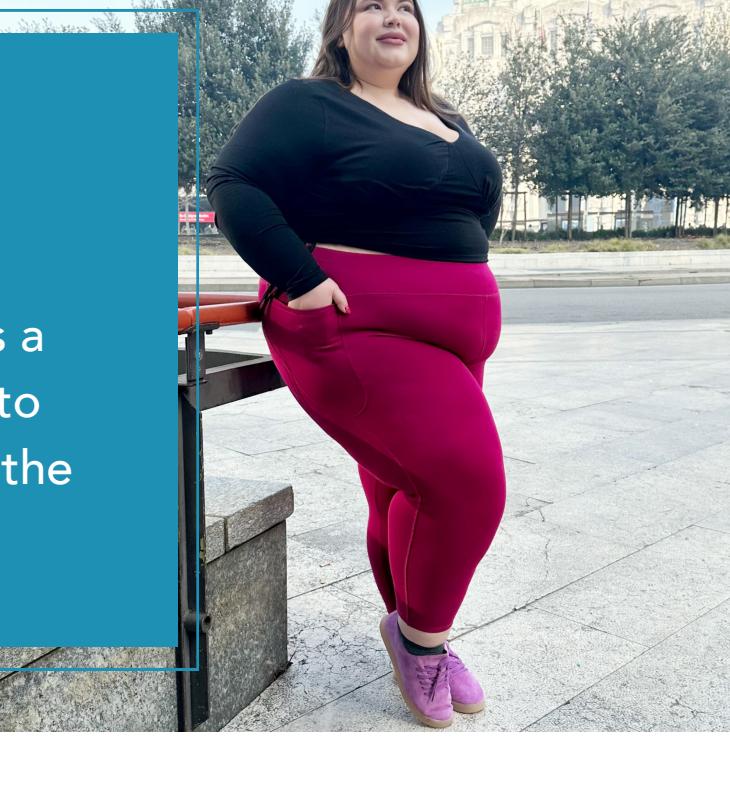

**A purpose led brand**

Before profit our purpose is to make clothing accessible to everyone..

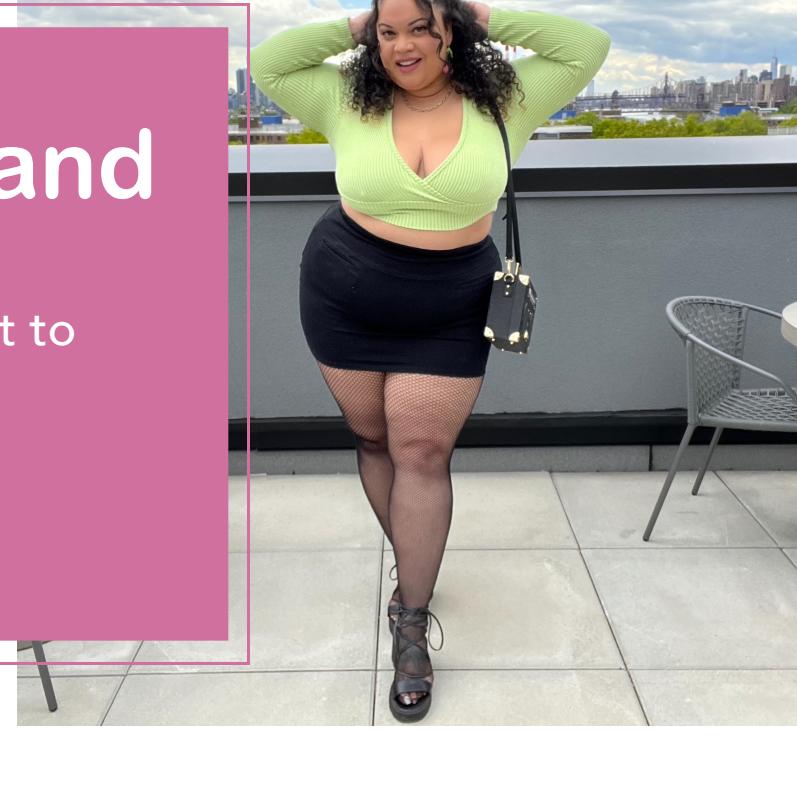

**A value led business**

We do not seek to maximise the profit we as a business can make from a product, we seek to maximise the value that product can give to the person who buys it.

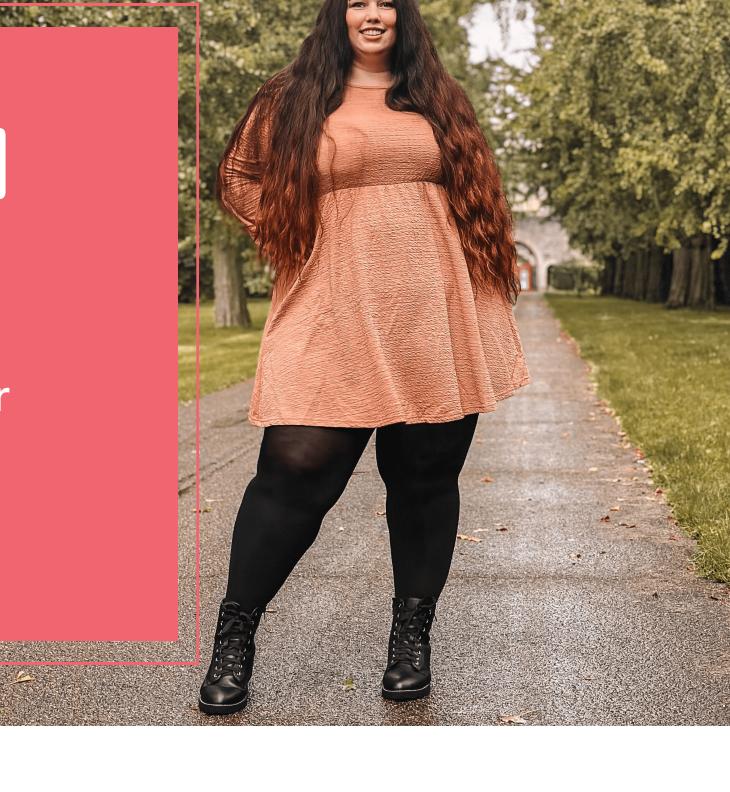

**A community led brand**

We did not create the community, we exist to serve the community of people who are excluded by the current fashion industry.

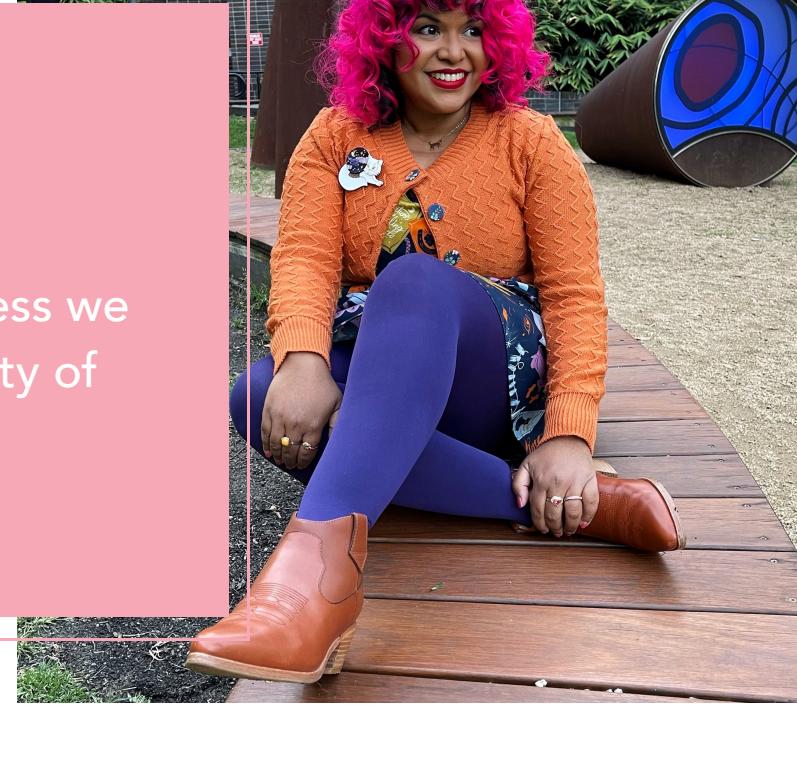

**A inclusion led brand**

We strive to include everyone who shares our values, regardless of size, gender race or ability.

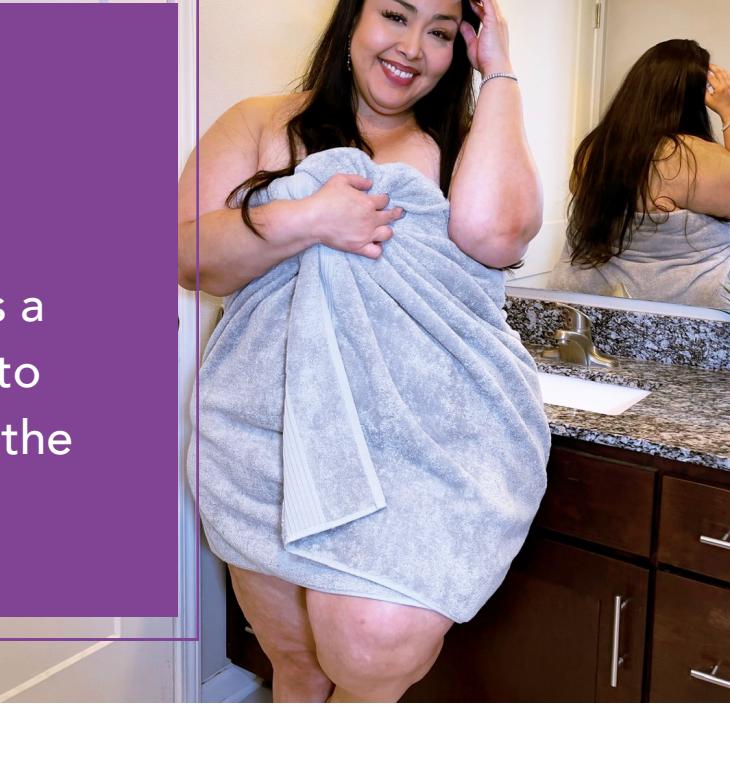

**A ethics led brand**

We will not bring a product to market unless we are confident in the ethics and sustainability of the whole supply chain.

**A value led business**

We do not seek to maximise the profit we as a business can make from a product, we seek to maximise the value that product can give to the person who buys it.

A horizontal row of five colored bars: teal, pink, red, yellow, and teal.

At Snag we believe one thing about fashion: everybody has the right to comfortable, well-made and affordable clothes that don't damage the environment or the people who make them.

A close-up photograph showing the lower half of a person's body. They are wearing a peach-colored top, sheer black tights, and dark, lace-up boots. The person is standing on a paved path with some fallen leaves visible.

The image is a collage of three distinct sections. On the left, a woman with long dark hair is smiling while wrapped in a light blue towel. In the top right corner, a close-up shows a person's brown leather boot resting on a wooden surface. The bottom right section features a purple box containing text about business values, followed by a decorative horizontal bar and a Trustpilot rating summary.

A large, bold, white sans-serif font word "YES!" is centered on a black shield-shaped background. The shield has a white outline and a slight drop shadow. The word is partially cut off at the top right edge of the shield.

# On Every Collection

The image contains two separate promotional banners. The left banner features the word "snug" in a stylized font where each letter is a different color (blue, pink, yellow) and "Socials" in a smaller, grey sans-serif font below it. The right banner features the word "snug" in the same colorful font and "CLUB" in a large, bold, green sans-serif font below it.
